Professional Profile

Full Stack Developer with hands-on experience in Java, Spring Boot, Angular, C# and ASP.NET Core, and working knowledge of cloud architectures (Azure). Passionate about technological innovation, with additional training in AI. I am looking to contribute to agile teams with scalable and efficient solutions.

Work Experience

Internship

Viewnext Spain

- Designed and developed an access and ticket management portal using ASP.NET Core and SQL Server, improving the handling of internal incidents within the company.
- Managed Azure servers, performing vulnerability and version control

Internship – Erasmus Programme

Invisible Farm S.R.L Italy

- Managed the database and website of the Lombardy public healthcare service using PHP.
- Carried out website migrations with Drupal, ensuring service continuity and optimisation.
